OUR EXCLUSIVE COLLECTION

High-Speed Cutting Discs

Designed for fast and clean cuts on metal with minimal burr and maximum durability

- Self Sharpening
- Fast, Cool Cutting
- Long Light Bond
- Low Vibration
- Suitable For Steel And Stainless
- Consistent Performance

Size	Pack
115 X 1 X 22.23 MM (4.5")	25
125 X 1 X 22.23 MM (5")	25
180 X 1.6 X 22.23 MM (7")	10
115 X 3 X 22.23 MM (Type 41) - 4.5"	10
125 X 3 X 22.23 MM (Type 41) - 5"	10

Heavy-Duty Grinding Discs

Built for aggressive material removal and smooth control on all metals.

- High Removal Rate
- Strong Bond For Long Life
- Reduced Chatter
- Stable at High RPM

Size	Pack
115 X 3 X 22.23 MM (Type 42) - 4.5"	10
125 X 3 X 22.23 MM (Type 42) - 5"	10
115 X 6 X 22.23 MM (4.5")	10
125 X 6 X 22.23 MM (5")	10
180 X 7 X 22.23 MM (7")	10
230 X 6 X 22.23 MM (9")	5

Flap Discs (Zirconia)

Perfect blend at cutting power and polish – ideal for shaping, smoothing and finishing.

- Thicker Than Usual Flap Discs
- Self-Sharpening Abrasives
- Cool Grinding
- Smooth Finishing
- Long Life

Size	Pack
115 X 22.23 MM (4.5") ZIR - Grit 60 - T29	10
125 X 22.23 MM (5") ZIR - Grit 60 - T29	10

Flexible Finishing Discs

One disc that delivers more than the quality you need – aggressive grinding, smooth finishing and precise polishing.

- Faster, Smoother Finishing
- Express Blending For Welds And Bevels
- Longer Life For Consistent, Reliable Performance

Size	Pack
115 X 3 X 22.23 MM - 4.5"	20
125 X 3 X 22.23 MM - 5"	20

Chop Saw Discs

Strong, stable wheels for straight, fast cut on steel, tube and solid bar.

- Strong Reinforced Structure
- Straight Accurate Cuts
- Long Life Span
- Suitable For Heavy Sections
  Fast Cutting Formula

Size	Pack
300 X 3 X 25.4 MM (12")	5
356 X 3 X 25.4 MM (14")	5
400 X 4 X 25.4 MM (16")	5

Fiber Discs

High performance sanding disc designed for metal. delivers faster material removal and surface finishing.

- Even Sanding
- High Performance
- Smooth Finishing
- Longer Life On Metal

Size	Pack
115 X 22.23 MM (4.5") ZIR - Grit 36	25
115 X 22.23 MM (4.5") ZIR - Grit 60	25
125 X 22.23 MM (5") ZIR - Grit 36	25
125 X 22.23 MM (5") ZIR - Grit 60	25

Fiber Discs Backing Pads

Strong And Flexible Backing Pad For Sanding Discs. Designed For Smooth Operation.

- Improves Disc Stability And Finish Quality
- Supports High RPM
- Flexible Pad For Smooth Sanding
- Suitable For All Sanding Discs

Size
115 MM (4.5") - M14 Thread
125 MM (5") - M14 Thread

Wire Brush Wheels

Perfect for rust removal, cleaning welds and surface preparation.

- High Strength Wire
- Low Vibration
- Long Life
- Fits Angle Grinders

Size
Twisted Knotted Cup Wire Brush - 75 MM - Steel - M14 Thread
Twisted Knotted Bevel Wire Brush - 115 MM - Steel - M14 Thread
Twisted Knotted Cup Wire Brush - 75 MM - Stainless Steel - M14 Thread

Mounted Flap Wheels

Ideal For Something Surface Finishing And Grinding Holes, Slots, And Cut Outs. With Smooth And Flare Motion.

- Smooth And Cool Running
- Flexible Flaps
- Perfect For Curved Surfaces
- Clean Finishing

Size	Pack
Head Dia 25 X Head L 20 X 6 MM (Grit 60, Aluminium Oxide)	10
Head Dia 50 X Head L 30 X 6 MM (Grit 60, Aluminium Oxide)	10

Die Grinder Attachments

Premium tungsten carbide burr engineered for fast, clean cutting with minimal vibration. built for long life. consistent performance and smoother control on every job.

- High Grade Tungsten Carbide For Long Life
- Fast Precision Cutting With Reduced Vibration
- Sharp Flutes For Clean, Smooth Material Removal
- Heat Resistant For Continuous Heavy Use
- Consistent Performance On Steel, Stainless Steel And Cast Materials

Size
Cylindrical End (Head Dia 12.7 X L25 X 6 X 75 MM)
Tree Radius (Head Dia 12.7 X L25 X 6 X 75 MM)
Ball Nose (Head Dia 10 X L25 X 6 X 75 MM)
Tree Radius (Head Dia 10 X L25 X 6 X 225 MM) - Long Shank

Sanding Belts & Linishing Belts

High Quality Belts For Shaping, Smoothing And Finishing All Metal Surfaces.

- Durable Abrasive
- Long Belt Life
- High Cutting Strength

Sanding Belt Sizes	Pack
330 X 10 MM (Zirconia, Grit 60)	25
520 X 20 MM (Zirconia, Grit 60)	10

Linishing Belt Sizes	Pack
50 X 914 MM (Zirconia, Grit 60)	5
100 X 914 MM (Zirconia, Grit 60)	5
50 X 1220 MM (Zirconia, Grit 60)	5
100 X 1220 MM (Zirconia, Grit 60)	5
75 X 2000 MM (Zirconia, Grit 60)	5
100 X 2000 MM (Zirconia, Grit 60)	5

Trade Account & Ordering -X Flex

How It Works

1. For your first order, go to our website (xflex.com.au) and register as **"New customer"**
2. Card Payment -Available at checkout.
3. Customers can apply for **"Trade Account"** after registering.
4. Provide: Business name, ABN, contact details.
5. Trade account will be approved in one business day.
6. **30- days terms** available for approved customers.

Why X Flex

X Flex Discs- Crafted for boilermakers and welders, engineered for fast cutting effortless grinding and smooth finishing. optimised product range to eliminate confusion and ensure the exact solution for your needs.

- Premium Quality
- Self-Sharpening Technology
- Performance & Smooth Operation
- Safe And Efficient
- Out Products Comply With European Safety Standards
- Proudly Australian Owned And Operated
